### **Overview**

The Prevention, Retention, and Contingency (PRC) Program is designed to provide benefits and Services to needy families and low-income employed families to overcome barriers to achieving or maintaining self-sufficiency and personal responsibility. These supports include non-recurrent, short-term, crisis-oriented benefits and ongoing services that are directly related to the four purposes of the TANF program, which do not meet the federal definition of assistance.

Eligibility factors, time restraints, and amount available to pay for the various benefits and services covered must be explained. Anyone applying for PRC services must receive appropriate information about, referrals to, and access to Medicaid, food assistance, Ohio Works First (OWF), childcare assistance and other programs that provide benefits that could help them successfully transition to work. The voter registration application as prescribed by the secretary of state under section 3503.10 of the ORC will be made available to persons who are applying for, receiving assistance from, or participating in the PRC program. Reference Section 329.051 of the ORC.

Services and benefits shall be provided which directly lead to or can be expected to lead the family in becoming self-sufficient by accomplishing one of the four purposes of TANF:

**1: To provide assistance to needy families so that children may be cared for in their own homes or in the homes of relatives.**

This purpose covers only needy family's so children may live with their parents or other relatives. It does not cover children living with nonrelatives. A needy family is one that meets the income and/or resource standards established by the state in its TANF plan. A state may establish a variety of income and resource standards for "assistance" and other services and benefits.

This purpose is not limited to benefits that are within the regulatory definition of "assistance." A state may provide other services in support of this purpose. For example, funding home repairs for needy families would be consistent with the purpose.

**2: To end the dependence of needy parents on government benefits by promoting job preparation, work, and marriage.**

A state could help any needy parent, including a non-custodial parent or a working parent, by providing employment, job preparation or training services. Examples of potential services include job or career advancement activities, marriage counseling, refundable earned income tax credits and employment services designed to increase the non-custodial parent's ability to pay child support.

Activities that promote any one of the objectives – job preparation, work and marriage – would be consistent with this purpose.

**3: To prevent and reduce the incidence of out-of-wedlock pregnancies and establish annual numerical goals for preventing and reducing the incidence of these pregnancies”.**

This purpose is not limited to needy families or individuals. However, the state must establish objective criteria for the delivery of services to the non-needy.

Potential activities that would be reasonably calculated to accomplish this purpose include family planning, clinical and follow-up services, abstinence programs, visiting nurse services and programs and services for youth such as counseling, teen pregnancy prevention campaigns and afterschool programs that provide supervision when school is not in session.

**4: To encourage the formation and maintenance of two-parent families.**

A significant share of TANF families consists of unmarried mothers with low skills who live with their children apart from low-skilled, underemployed fathers. Many of these fathers are involved in the lives of their children and provide some financial support but would like to do much more. Historically, the fathers have found limited employment opportunities, and welfare rules have worked to discourage family formation and fuller involvement of these fathers in the lives of their children.

Some activities that are reasonably calculated to accomplish this purpose might include parenting skills training, premarital and marriage counseling, and mediation services; activities to promote parental access and supervision; job placement and training services for non-custodial parents; initiatives to promote responsible fatherhood and increase the capacity of fathers to provide emotional and financial support for their children; and crisis or intervention services.

**PRC assistance under all chapters will be available to the extent of availability of state and federal funds. Services and funds will be available as per the service chart on pages 20-25 until funds are depleted.**

All PRC assistance groups' records will be recorded in the PRC reporting tool and supporting documentation will be found in On-Base.

### **Eligibility Requirements**

There are certain eligibility requirements that must be met to determine eligibility for the PRC program. The following sections explain the requirements and procedures that must be followed when making an eligibility determination.

These sections are applicable to all benefits and services covered under the SCDJFS PRC Program unless specified differently within the explanation of the particular benefit/service.

Social security numbers will be used to check information provided by the AG against information held by other federal, state, and local governments; computer matching systems; and program reviews or audits to ensure eligibility for PRC.

Applicants enrolled in the Comprehensive Case Management and Employment Program (CCMEP) cannot receive PRC services. They must work with their CCMEP worker to discuss supportive services.

### **Assistance Group Composition**

The PRC Program is designed to meet the needs of households with minor children. A minor child is defined as a child who has not attained age nineteen and is a full-time student in a secondary school or in the equivalent level of vocational or technical training. An eligible child must be living in the home of a specified relative (as defined in ORC 5107.02), legal guardian, or legal custodian. Child support obligors with an active order for a child residing in the state of Ohio may also be eligible. They must be current on child support payments or cooperating with CSEA, as defined by CSEA. For purposes of the PRC Program, an assistance group consists of all eligible children and the specified relative(s), legal guardian, or legal custodian.

A child may be "temporarily absent" from the home in accordance with the time frames established in rule 5101: 1-3-04 of the Ohio Administrative Code and still qualify for PRC. During the temporary period, the child is considered to be residing with the parent, caretaker relative, legal guardian or legal custodian and other members of the household (who may or may not be related to the minor child) who may significantly enhance the family's ability to achieve economic self-sufficiency.

### **Citizenship**

To qualify for PRC, the assistance group must contain at least one U.S. Citizen, or qualified alien as defined in O.A.C. 51501:1-2-30. To issue PRC, at least one adult and at least one eligible child must meet the above citizenship requirements.

## **Residence**

Residence in Sandusky County is a requirement. Residence is established by living in the county voluntarily with the intent to remain permanently or for an indefinite period of time. Residence is also established by a person who is not receiving assistance from another state and entered the county with a job commitment or is seeking employment, whether currently employed. A child is a resident of the county in which the caretaker is a resident.

In situations of alleged domestic violence, agency may assist a family moving out of county. In these instances, the following criteria should be met:

- Open, children services case
- Police report filed on incident
- Application should file temporary/certified protection order

## **Income**

Eligibility for PRC is dependent upon the AG's demonstration and verification of need for financial assistance and/or services. For eligibility to be determined, the income of the AG must be compared to the economic need standard established for the benefits and services requested. The economic need standards are based upon federal poverty guideline measures, which are updated annually.

The only income that will be excluded will be as listed in OAC 5101:1-24-20.

All income, which is received or expected to be received during the 30-day budget period, is considered when determining financial need. The budget period begins 30 days from the date of the PRC application unless this period of time does not accurately reflect expected income. In this instance, income received 30 days prior to the date of application may be utilized. The total gross income, both earned and unearned, of all the PRC AG members, must be counted. The only exclusion allowed is for self-employment expenses, which shall be deducted from the total profit of the self-employment enterprise. The gross amount of the PRC AG's countable income is totaled and compared to the county's PRC standard for the benefits or services requested for the appropriate PRC AG size. If the total PRC AG income is equal to or less than the standard for the applicable PRC AG size, the PRC AG meets the income requirement. Work eligible OWF recipients will automatically be considered income eligible.

Written or verbal verification of income is required. For any verification, which is obtained by telephone, there must be clear documentation in the PRC AG record concerning the name and position of the supplier of the information, the date the verification was obtained, the amount of the verified income, and the name of the individual who obtained the verification.

### **Disqualified Assistance Groups**

There are certain assistance groups who are ineligible to receive PRC. If any one member of the PRC AG meets one of the following disqualifications, the entire AG is ineligible to receive PRC. They include fugitive felons and/or families that fraudulently receive benefits under the OWF and PRC programs until repayment occurs. All PRC overpayments shall be subject to the same rules and regulations as TANF overpayments as outlined in the OAC section 5101:1-23-70. Any applicants that falsify their application or documents related to eligibility for PRC will be referred to the Benefit Recovery Unit of the agency. Persons referred for fraud, will not be eligible for PRC until their case is resolved with the Fraud Unit. With the exception of a child applying to receive services through the Kinship Caregiver Services program, a family that is serving a sanction (including a voluntary sanction), will be ineligible to apply for PRC until sanction is served and/or re-payment of fraudulently received benefits has been repaid.

### **Applicant Responsibility**

An applicant for PRC is responsible for completing all necessary documents, furnishing all available facts and information, and cooperating in the eligibility determination process. The applicant also must cooperate with exploring available community resources.

### **Application Process**

The "Prevention, Retention, and Contingency" application form has been developed for use when an assistance group is applying for PRC services. This application form will be used unless it is specified differently under the explanation of the particular benefit/service.

### **Standard of Promptness**

Eligibility will be carefully determined on a case-by-case basis. Upon receipt of a completed PRC application, wherein **all** verifications have been received, the county will make an eligibility determination within 10 business days. The ten-day standard of promptness is a suggested time frame that is intended to stress the importance of dealing with PRC applications in an appropriately efficient manner. In situations in which the need presented by the applicant requires an earlier decision, the county will make all efforts to expedite the determination. The denial of a PRC application due only to the expiration of the ten-day period is not an acceptable eligibility determination practice. The AG record should contain sufficient documentation of the case activity on the PRC application, including an explanation of unexpected or unavoidable delays in processing the application.

An assistance group that objects to a faith-based provider will be provided with an alternative provider of services. The alternative provider will be reasonably accessible and be able to provide comparable services.

### **Notice of Approval/Denial**

At the time of application, individuals will be informed in writing of their right to request a state hearing. This will be done by providing a copy of the JFS 04059, "Explanation of State Hearing Procedures." If it is determined that an application for PRC is approved, the CDJFS shall mail or otherwise deliver the JFS 4074, "Notice of Approval of Your Application for Assistance." If it is determined that an application for PRC is denied, the CDJFS shall mail or otherwise deliver the JFS 7334, "Notice of Denial of Your Application for Assistance."

If the PRC application and/or supporting documents were sent to the CDJFS by electronic mail, the Approval and/or Denial notice will be sent to the assistance group by electronic mail.

All payments are made to the vendor in accordance with the procedures in place at the CDJFS. The agency will not reimburse any monies for any items for which payment has been made.

### **Overpayment Procedures**

Methods of overpayment will include a lump-sum repayment or a monthly repayment agreement. All overpayments will be referred to the Benefit Recovery Unit for collection. If an overpayment method is not chosen within 30 days from the date of notification, legal action may be taken to recover the overpayment and the entire AG will be ineligible for PRC until restitution is made.

### **Scope of Coverage**

The following sections describe the scope of benefits and services provided under the SCDJFS PRC program.

## **Chapter 1: Family Preservation and Reunification Services**

PRC payments may be issued for supportive services to promote family stability as the agency determines necessary and subject to the availability of unencumbered funds.
